BUILDING INTELLIGENCE.

General Notes. (Continued.)

McKEESPORT, PA.—The National Tube Works of Pittsburg, Pa., will build an addition to their works.

MIDDLETOWN, CONN.—The corner-stone of the new Methodist church was laid November 22.

MILES CITY, MONTANA T.—R. M. Hough and M. H. Dustin, of Lincoln, Ill., will probably build a large slaughter-house, with a capacity of 20,000 beeves for the season. Other contemplated improvements will necessitate the expenditure of about \$250,000.

MONTICELLO, MINN.—A starch mill is to be built here.

NEW ORLEANS, LA.—A movement has been inaugurated to erect a monument to John James Audubon in one of the public squares of this city. The distinguished ornithologist was a native of New Orleans, where he received his earliest education, and where subsequently he resided for years supporting himself by teaching drawing, yet, in the whole State of Louisiana there is no town, place, street or alley named to commemorate Louisiana's most eminent son. The movement started among the children of the public schools, who propose to contribute a nickel a month to a fund for the monument.

NILES, O.—The Falcon Iron Works are to build a sheet-iron mill for the manufacture of the finer grades of sheet-iron, with a capacity of 250 tons per month.

ONEIDA, N. Y.—A large planing mill and sash and blind factory will be built at a cost of \$25,000. E. E. Coe has the work in charge.

OWATONNA, MINN.—About \$35,000 of the \$50,000 necessary to endow the Baptist Academy here has been pledged. The ladies' hall, to be erected by Mr. Pillsbury, will cost \$20,000.

PARK RIVER, D. T.—Brooks Bros. are preparing to build a 75,000 bushel elevator on the site of the one recently burned.

PITTSBURGH, PA.—Within the past six months, says the *New York Times*, over 200 foreign glass-blowers, who came here to secure employment in American factories, have been refused recognition by President Cline, of the Universal Federation of Window-Glass Workers, and compelled to return to their native country. This is one of the results of last year's international convention, held in Pittsburgh, at which a resolution providing against foreigners crowding out home workmen was adopted. President Cline says the prospects for a good trade during the winter and spring are brighter than ever before.

R. C. Coleman of this city, is looking for a site near town for the erection of a large iron manufactory.

A coöperative nail company, with a capital stock of \$100,000, all of which has been subscribed, has been organized by striking nailers and hardware dealers, and the charter was procured last week. Five acres has been given to them at Homestead, and they will start a factory at once.

PORTLAND, ME.—The Consolidated Electric Light Company has voted to purchase 5,000 square feet of land in addition to the 15,000 square feet already owned by the company, and to erect thereon a central lighting station building, to be equipped with the necessary steam and electrical apparatus to run 500 arc lights of 2,000 candle power each, and 5,000 Edison incandescent lamps, the latter for the lighting of stores and dwellings. The material for equipping this new factory is to be supplied by the Electric Manufacturing Company of New York.

PORT RICHMOND, N. Y.—Ground has been broken for a parsonage, to be attached to Grace Methodist Episcopal Church.

POWDER SPRINGS, GA.—Isaac Lawrence is to build a large steam saw mill, at a cost of \$12,500.

SAYBROOK, CONN.—Mr. Newton Grover will soon build a house just west of the Day place.

SCOTSDALE, PA.—W. H. Exerson & Co., will build a bar and guide mill.
